</tbody>
</table>

ROUTE MARKINGS
Pink custom flagging, reflectors and pink metal stakes will be visible along the route and will be generally marked on one side of the trail. Reassurance flagging will be available at regular intervals and at all junctions. Night portions will be lit with reflectors, 12-hour glow sticks will be placed near aid stations. Wear reflective gear for road portions.

Racers must study the route and become familiar with the route before race day.

MANDATORY GEAR (Updated)
There can be wild swings in temperature in the mountains; you need to be prepared for hot and cold. You MUST carry the following supplies; samples are linked but you can choose any brand name.

**DAYTIME**

- **Personal cup** (or bottle), to be used at all aid stations for beverages and food. [http://www.gsioutdoors.com/collapsible-fairshare-mug.html](http://www.gsioutdoors.com/collapsible-fairshare-mug.html)
- Cap (some areas are exposed to sun and it will keep your head warm at night). Bandana and buff are okay. High energy fuel and drink.

**NIGHTTIME**

All runners leaving Bonnevier Aid Station must have all of the following items on their person (not in your pacer’s pack). All runners in all events passing the Skyline II aid station after 3 pm on Saturday must have these items.

- **Personal cup** (or bottle), to be used at all aid stations for beverages and food. [http://www.gsioutdoors.com/collapsible-fairshare-mug.html](http://www.gsioutdoors.com/collapsible-fairshare-mug.html)
- Minimum of 2 litres of fluids with you at all times.

- Two survival blankets or one bivvy http://www.mec.ca/product/5014-038/survive-outdoors-longer-emergency-bivvy/?h=10+50030+50131&f=10+50131+51340
- Whistle attached to outside of pack or clothing.
- Extra food reserve, fuel, drink powder.
- Waterproof jacket (type that has seams taped) with hood, no soft shell sections to jacket allowed.
- Long running trousers or leggings or a combination of leggings and long socks which cover the legs completely (optional waterproof pants, depends on forecast in our opinion).
- Additional midlayer clothing, one heavier warmer piece or two lighter pieces which would be equivalent. One thermal jacket or two long-sleeved shirts.
- Cap or bandana.
- Warm hat and gloves.

We recommend:

- Sunscreen and lip balm.
- Extra pair of socks in your pack.
- Change of shoes.
- 1 tensor bandage compression bandage for sprains or injuries needing compression.
- Your drop bag at Bonnevier and Skyline II has fuel and electrolytes for the home stretch; Camp Mowich is minor aid station and there is one other minor aid station at Skyline 1 (Sky Junction) before the finish.
- Use water treatment container like Lifestraw (or pills) if you plan to use streams for water.
- Bugspray.
- Moleskin, bandaids, duct tape.
- Vaseline.
- Bear spray, airhorn or whistle if you are concerned about bears.
- Finish line warm clothes.
120 Mile Course

The 120 mile race is run on technical and non-technical trails, mainly single track, some dirt roads and 5 km of paved road. The race starts near Keremeos on Ashnola River Road (23 km from Keremeos). The first portion of the race is run in Cathedral Provincial Park. The second portion travels between Ashnola River Road and Manning Park Eastgate and involves one river crossing with current. The third portion travels along trails north of Hwy #3 then descends to Hwy #3 and along to Cascades day use area at Hwy #3. The last portion covers trails south of Hwy #3 through the Skagit Valley and returns to Manning Park to finish at Lightning Lake. See legs described below.

<table>
<thead>
<tr>
<th>Leg</th>
<th>Distance</th>
<th>Aid Stn</th>
<th>Route</th>
</tr>
</thead>
<tbody>
<tr>
<td>Leg 1 Cathedral</td>
<td>29 km</td>
<td>Race start</td>
<td>Race starts in the parking lot at Lakeview Creek Campground Trailhead on Ashnola River Road. Lakeview Trail ascends to Cathedral Lakes area, levels then ascends briefly on Centennial Trail. Then route descends on Centennial Trail to Wall Creek Bridge at Ashnola River Road. Equal ascent and descent. Great views.</td>
</tr>
<tr>
<td>Leg 2 Trapper Lake</td>
<td>37 km</td>
<td>Ashnola River Road</td>
<td>At Ashnola River Road leg 2 takes Centennial Trail to Trapper Lake then takes Trapper Lake Trail to Pasayten River, crosses river (has current) and bridge to Hwy #3. Travel 1.5 km on the road to Upper Pasayten River Road near Manning Eastgate, cross Hwy #3 to Eastgate Road. Equal ascent and descent. Wildflowers and views.</td>
</tr>
<tr>
<td>Leg 3 Bonnevier</td>
<td>19 km</td>
<td>Bonnevier</td>
<td>From aid station at Hwy #3, climb Bonnevier Trail to junction at Heather Trail. Mainly ascent. Views.</td>
</tr>
<tr>
<td>Leg 4 Heather</td>
<td>40 km</td>
<td>Heather</td>
<td>From aid station, follow Heather Trail to Grainger Creek Trail. Descend Grainger and Hope Pass Trails to Cayuse Flats aid stn and along Skagit Bluffs to Cascade aid stn. Flat to undulating, stunning views, long descent.</td>
</tr>
<tr>
<td>Leg 5 Skagit</td>
<td>36 km</td>
<td>Cascade</td>
<td>From Cascade aid station at Hwy #3, take Dewdney to Hwy, then follow Hwy #3 south on shoulder 3 km to Sumallo Grove day use area. Follow Skagit Trail to Centennial and Shawatum day use area (off Silver Skagit Road), do out and back to aid stn, then follow Centennial Trail to Skyline aid station. Luscious trails parallel river and then road. Undulating and flat trails. 3 km paved road. Easiest terrain.</td>
</tr>
<tr>
<td>Leg 6 Skyline</td>
<td>33 km</td>
<td>Skyline</td>
<td>Climb Skyline II to Skyline I and then Centennial to finish at Lightning Lake in Manning Park. Roller coaster climb. False summits, stunning views, descent to finish.</td>
</tr>
</tbody>
</table>

Total time= 48 hours.

Range of times = 6-11 hours, average time = 8.5 hours.
PACKAGE PICKUP AND BAG DROP

Leave your small size drop bags (like a size 14 shoe box) at the drop bag collection area. All drop bags must be clearly marked with your name, bib# and corresponding aid station name on the bag.

120 MILE BRIEFING IN PRINCETON

- Thursday mandatory briefing at Riverside Centre in Princeton. This is a change for 2015.
TRANSPORTATION AND STAYING OVER IN PRINCETON THURSDAY NIGHT

Leave your vehicle at Manning Park Lodge. Take bus OR get your crew to drive you to Princeton and stay over.

We have arranged special rates with the Best Value Inn and Sandman Hotel in Princeton. Tell them you are doing the race. The bus will be available there on race morning. See the schedule of events on page 3.

Dinner on Thursday, August 13, 2015
Billy’s Family Restaurant - 250 295 3939
Brown Bridge Pub - no reservations and limited seating
Country Kitchen - 75 indoor/outdoor capacity 250 295 7838 email: delarammostafa@gmail.com
Cowboy Coffee/CoCo’s Bistro – 75 indoor/outdoor capacity 250 295 3390 email: brbrosof@telus.net
Funky Munky 250 295 6015 - 18 seating capacity
Heartland (at the Sandman Inn) 250 295 0400 limited seating
Leisure Inn will be closed.
Little Creek Grill 250 295 6644 email: littlecreekgrill@shaw.ca
Thomasina’s – 40 seating capacity 250 295 3810 email: thomasinas.shoppe@gmail.com
Vermilion Fork - 110 seating capacity 250 295 7711 email: info@vermilionfork.com

Breakfast on Friday, August 14, 2015 (limited menus)
Billy's 250 295 3939 open at 6am 250 295 3939
Cowboy Coffee/CoCo’s Bistro open at 430am 250 295 3390 email: brbrosof@telus.net
Heartland open at 7am 250 295 0400. Tell them you want the standard breakfast so you can be served quickly.

PACER

The first available aid station for joining your runner is Bonnevier (racer has done 66 km/41 miles to this point). This is located on Hwy #3 just outside Manning Park. Pacers cannot start at Heather.

Make sure you and your runner check in and out of every aid station. If your runner needs to drop, it must be done at an aid station. Please notify the aid station captain. Do not under any circumstances leave the course without notifying race officials.

Pacers receive a bib number corresponding to the runner. You must stay with the runner at all times. If your runner drops, you may continue on with another runner who does not have a pacer after you have received the corresponding bib number from race staff at an aid station.

Racers may only have ONE pacer at a time.

Pacers need mandatory gear.

SLEEP BREAK

Sleep breaks must be done close to an aid station. You may use a vehicle if it is not moving (Cascade, Sumallo Grove, Shawatum). You cannot use a tent that is set up for volunteers.
BUCKLE FOR 120 MILERS (SUBSTANTIAL, NOT CHEESY)

TIPS FROM PREVIOUS 120 MILERS

Level of Difficulty

How do you compare this race to other 100 milers for level of difficulty?

- More difficult than Cascade Crest, Big Horn, IMTUF, HURT, Bear 100 and Angeles Crest.
- Less difficult than Hardrock.

Training Recommendations

What suggestions do you have for training?

Lots of vertical climbing. Emphasize tough long climbs and descents, not speed. I would try and train more at altitude and in hot weather.

Climbing but also running downhill on uneven terrain to strengthen the quads. Doing anything on uneven terrain with rocks and roots will also help ankle strength.

Do some long easy days 50-100 km with some darkness in the equation in the several months leading up to the race.

Include long descents.

I only run 40 miles a week and I mountain bike a couple days a week. A race like yours is 10% fitness and 90% mental.

I hit mileage never before attained with a 122 mile week 5 weeks out from the race then I went hard into recovery to absorb this 3 week training block and also did a REAL 3 week taper.

Strategy

Now that you know this race, what would you do differently the next time you do it?

Train more for downhill on uneven terrain.

I need more light which means carrying more headlamps or batteries so I can use them at full power rather than trying to conserve batteries.

Bring a camera! Many beautiful views and wild flowers still blooming.

I wouldn't wear black shoes again as my feet became really hot.
I really was too casual going into this race, I should have paid more attention to the distances between aid stations and the size of the climbs.

I pushed too hard early on, especially on the high altitude sections which I wasn't really acclimated for. Next time I would really take it easy early on and not push the pace at all.

**Tips**

**What tips would you offer racers who have not done this course?**

My goal was to finish. I was conscious of NOT trying too hard. I felt this helped me in terms of keeping food down and successfully hydrating and salting during the race. Having a pacer was also very helpful.

If you don't see course marking for a longer than usual time, become alert. If you don't see any soon, turn around and go back to the last clear flagging.

Prepare for a lot of different terrain types.

Don't be impatient on the last leg - there will always be another peak to climb … until there isn't.

Carry a minimum of 2 litres hydration, even more. I carried 2L and a handheld bottle. Make sure you have enough warm clothing for the Flattop Mountain descent in the night. Need an excellent headlamp and should carry a secondary hand torch for backup.

Go by effort, not pace. It’s a long way between aid stations; be self-sufficient and have nutrition plan dialed.

Always be taking a look at the AMAZING SCENERY.

Start conservative and stay conservative. I never ran more than 10 min in any of the “runnable” sections, did not beat myself to death on the downhills and stayed on top of my calorie intake. Adjusted my hydration needs between Trapper and Calcite as hot temps forecast. This is not like many 100s where you get lots of crew access. Mentally/physically prepare yourself to be somewhat self-supporting. Be prepared for mosquitoes later on at the Centennial Trail before Skyline. This section almost mentally tipped me over.

Besides finishing this race my happiest accomplishment was the fact that whenever I needed to call on my legs to run, they could run. Managed to run the last 4+ miles down Skyline and around the lake. Conservation early on paid off in huge dividends.

I LOVED the variety in the terrain. So many different and unique areas. The fact that it took me 30 hours of racing before I saw another human who was not associated with the race was incredible. It is OFF the beaten path for sure - a huge draw for me.

This truly is one of the most scenic races you will ever do. It has the best selection and highest percentage of single track trails of any race I have done! The single track ranges from fast and easy to run, to technical. For a trail run, a course does not get any better than this one. It can also really chew up your feet.
9 Relay Legs

Relay teams can have 2-9 members. Team members can do combinations of legs such as 1 and 5.

<td>Relay Leg 9 Skyline</td>
<td>33 km 20 mi</td>
<td>Skyline Aid Stn</td>
<td>Take Skyline II on Silver Skagit Road to Camp Mowich (aid) to Sky junction (aid) and Centennial to finish at Lightning Lake in Manning Park (aid). Mainly a roller coaster climb with amazing views. Best climber should do this leg. <a href="#">Profile and photos</a>.</td>
</tr>
</tbody>
</table>

We recommend that you have backup runners in case one racer cannot make it to race day.
**RELAY CUTOFF**

Relay cutoff times are the same as the 120 mile racers.

</table>

**RELAY TRANSPORTATION**

Relay teams are responsible for their own transportation to handoff locations at aid stations. You must check in at the aid station so they know you are ready.

Relay teams must become familiar with the aid station locations. We recommend that you drive to the locations before race day so you know exactly where you need to be.

Aid stations signs will be posted at nearest road or highway access.

Note that getting to legs 8 and 9 involves driving to Hope about 30 minutes and then finding Silver Skagit Road and driving another 60 minutes to find the parking area for the leg.

Relay Leg 1 starts with 120 milers and this runner should attend briefing in Keremeos with 120 mile racers.

Relay Leg 5 Heather starts 6 km in the trail from the Blackwall Peak parking lot. This runner needs to hike in to Heather Aid Stn. Allow enough time. Bring winter jacket and backpack to handoff to your runner.

On race day, if a relay team member cannot run the designated leg, you can make a substitution provided that the runner is already on the team. For example, Leg 1 runner could also run Leg 4. You must tell the aid station. A relay team may have a backup runner but contact the Race Director in advance so we know you have backups.

Before race day, you can make a substitution up to August 1.

**SLEEP BREAK**

Sleep breaks must be done close to an aid station. You may use a vehicle if it is not moving (Cascade, Sumallo Grove, Shawatum). You cannot use a tent that is set up for volunteers.

**PACKAGE PICKUP**

Do your pickup on the day before your race. The captain can distribute bibs. Your captain must make sure that all runners are briefed.
70 MILE EVENT

COURSE

The 70 mile race starts from the top of the parking lot across from Manning Park Lodge where Heather Trail starts and is run on technical and non-technical trails, mainly single track, and 3 km of paved road. The first part travels along trails north of Hwy #3 then descends to Hwy #3 and along to Cascades day use area. The last part covers trails south of Hwy #3 through the Skagit Valley and returns to Manning Park to finish at Lightning Lake. See legs described below.

</tbody>
</table>

Racers take 10-15 hours to get to Skyline depending on pace. Last leg Skyline times range from 6.5-11 hours.

Total time = 27 hours.

**Pacer**

The first available aid station for joining your runner is at Sumallo Grove aid station. There is easy access to this location on Hwy #3 at the Sumallo Grove day use area parking.

Make sure you and your runner check in and out of every aid station (there’s 2 more stations after this one). If your runner needs to drop, it must be done at an aid station. Please notify the aid station captain. Do not under any circumstances leave the course without notifying race officials.

Pacers receive one bib number corresponding to the runner. All pacers must stay with the runner at all times.

If your runner drops, you may continue on with another runner who does not have a pacer after you have received the corresponding bib number from race staff at an aid station.

Racers may only have ONE pacer at a time.

**Sleep Break**

Sleep breaks must be done close to an aid station. You may use a vehicle if it is not moving (Cascade, Sumallo Grove, Shawatum). You cannot use a tent that is set up for volunteers.

**Package Pickup and Bag Drop**

Leave your small size drop bags *(like a size 14 shoe box)* at the drop bag collection area. All drop bags must be clearly marked with *your name, bib# and corresponding aid station name* on the bag.
50 MILE EVENT

Course

The 50 mile race starts at Cayuse Flats at Hwy #3. The first part travels along Skagit Bluffs Trail parallel to Hwy #3, arriving at Cascades day use area. At the aid station, racers will be directed to a brief out and back along Dewdney Snass Trail and then to Hwy #3. The last part covers trails south of Hwy #3 through the Skagit Valley and returns to Manning Park to finish at Lightning Lake. See legs described below Cayuse Flats to Skyline.

</table>
HYDRATION AND GEAR

You MUST carry hydration pack or water belt and become familiar with your route. You need suitable gear for changes in weather; Skyline is remote.

PACKAGE PICKUP AND BAG DROP

Leave your small size drop bags (like a size 14 shoe box) at the drop bag collection area. All drop bags must be clearly marked with your name, bib# and corresponding aid station name on the bag.

AID STATION TYPICAL FOOD

Aid stations will be stocked with the following foods and liquids: water, chips, Coke, energy drink, gels, CLIF bars, cookies, potatoes, sandwiches, soup, fruit, gummies, and other tasty treats provided by the aid station crew. They will be competing for your accolades.

A major aid station is fully equipped; a minor aid station is lightly equipped due to location (no road access). For example, Camp Mowich minor station will have lightweight foods.

OTHER WATER SOURCES

There are creeks that you will cross, such as Grainger Creek between Heather and Cayuse Flats aid stations. You can refill but we recommend using water purifier tablets like Pristine drops or use Lifestraw.

RACE WEEK—HOW TO CONTACT US

We will be in Manning Park during the week before the race. We may be able to check email from Monday to Thursday only. Email: mountainmadness@telus.net At other times, you will need to FIND US.

Cell phone service is still NOT consistent in Manning Park in 2014. Do not expect reception! Heather's cell: 604-313-7621.

Manning Park reception for Heather Macdonald, Peter Watson and Lara Taylor, leave message at Manning Park Resort reception desk.

TRANSPORTATION TO START

Bus transportation will be available to get to the start location for your race, or your crew can drive you. The bus will NOT be going back to the start location at the end so your vehicle needs to be at the finish location in Manning Park or Manning Park Lodge.

If you do not have a crew to drive you, then you need the bus. When you register, you indicate bus needed.

Relay teams should transport racers to start of the leg.

See Schedule of Events on page 3.
TRAINING

It is your responsibility to make sure that you are well trained for this challenging event. There will be chances to get to know the route by helping with trail maintenance or taking part in orientation runs in advance of race day.

It is essential to have hill climbs in your training program.

There will be an orientation run in July. Check the website.

There may also be an ultra training weekend. Check the website.

GOOD DOG

Runners are expected to behave in an appropriate manner and recognize the challenges of an extreme sport.

- Study the course in advance so you know the trails and terrain.
- Follow the course on race day. If you go off course, return to your last known point.
- Check in and out of each aid station.
- Wear bib in visible location.
- Cooperate with race officials. Recognize that race officials are likely to be a lot more rational than you after many hours in the bush.
- Take care of other racers in trouble.
- Train adequately for this extreme sport.
- Withdraw voluntarily or when asked by a race official if a cutoff is missed.
- Let a race official know if you are dropping out. Happily pay for search and rescue if you should need their services because you didn’t tell us that you were dropping out.
- Respect other trail users.
- Leave no trace. Carry out anything you bring in.
- Bury evidence of your human doggy-doo and make sure your chosen spot is well away from a water source.
- Be prepared for changes in weather.
- Carry required gear.
- Carry enough water and fuel to manage the distance.
- Sign in and attend mandatory briefing.
- Thank the volunteers.
- If you need a nap in a vehicle, take it in a stationary vehicle that is at an aid station only.
- No whining.

BAD DOG

We will toss you out of the race for any of the following bad things:

1. Cheating. All runners must follow and complete the designated course, without short cuts.
2. Failing to check in and out of each aid station. We need to know where all runners are at all times.
3. Receiving aid outside of designated crew access aid stations. This also means you cannot stash food along the route.

4. Littering. Garbage bags are available at aid stations and within 30 meters of the aid station.

5. Failing to cooperate with race officials or comply with medical personnel.

6. Any rule violation by a crew member. YOU are responsible for the actions of your crew.

7. Using more than one pacer at a time.

8. Muling (if you can't do it on your own, you shouldn't be in this race).

9. You cannot bring your real dog with you!

**DENIAL OF FUTURE ENTRY**

Rule violations that result in denial of future entry for 10 years:

1. Failing to obey any Park Ranger or employee.

2. Failing to respect private property or Forest Service rules.

3. Mistreating aid station volunteers, other runners, or pacers. **Volunteers are NOT your servants; do not bark orders at them.**

4. Running as a bandit.

5. Any action by a runner or crew that the race directors feel may have consequences for the future of this event.

**CREW GUIDE and DRIVING INSTRUCTIONS**

See driving instructions in separate PDF file: crew and relay team driving instructions.

Crew members may assist their runners only **at aid stations**.

Crews may park in designated areas only.

You need to take care of yourself. We suggest that you have the following supplies:

- Rain gear.
- Backpack.
- Pen and paper.
- Flashlight.
- Gloves, warm jacket, fleece top.
- Snacks and meals.
- Spare batteries and spare bulbs.
- Sun screen.
- Fluids.
- Sleeping bag.
- Reliable watch.
- Hat.
- Change of clothes.
- First aid kit.
- Book to read.
- Bug spray.
- Road maps, race map. Driving instructions (posted on website).

**WILDLIFE**

Make noise on the trail so animals know you are there. Blow your whistle.

Rabbits are abundant. Whiskey Jacks are friendly. Ground squirrels are common.

In Cathedral Park, when climbing Centennial Trail, look at the range on the far left and you may sight graceful white mountain goats. They are familiar with hikers and may be curious.

If you encounter a black bear, your first response is to back away and wait till it goes away. Speak to it in a low voice so it senses that you are human. Do not run. Make noise. If it gets aggressive, you get aggressive: make a lot of noise, throw rocks in its general direction, smash branches on the ground, act big. If needed, defend yourself. Same response for cougars.

Coyotes, foxes, wolves, cougars, wolverines and bobcats may be in the area but are not sighted often. A rattlesnake was sighted in 2010 in a dry, open area.

**PERILS**

This is an endurance race run in remote mountain settings; be prepared by carrying your own food and water because the aid stations are spread out and are not easily accessible by vehicle. You may encounter animals. You will be crossing a river that has current. You may be running at night and may be alone at times. You will be running in unfamiliar territory. It will be cold at night. It may be hot during the day.

If you are a first timer, talk to experienced long distance runners to get tips.

**REMOTE IS REMOTE**
You will be climbing mountains on trails where the only thing you will see is nature, no towns, no lights. This is very attractive to some racers. If this is a concern to you, bring a pacer.

You must be self-sufficient with hydration and gear. If you need to slow down and therefore be out longer than expected, you need to make sure you have enough fuel to keep going.

The scenery is worth it.

**TRAIL MAINTENANCE REQUIREMENT**

Hours required:

120, 70 and 50 mile = 8 hours of trail work.

Relay, 30 mile = 4 hours each person.

You are expected to provide proof of trail maintenance by July 31 or forfeit your entry fee and NOT race. If you cannot do trail work, here are your alternatives:

- Provide a volunteer on race day instead,
- Provide $65 toward the trail work fund. You can make donation at UltraSignup online.
- Volunteer for some other event in your area and provide proof of that.

**FINISH LINE AND AWARDS**

**ABOUT THE FINISH LINE**

Great place to hang out.

**Post-race food.** Food for all runners and their crew will be provided. It will consist of breakfast foods, BBQ with hamburgers, chicken, pasta salads, chips, soft drinks and water.

**Lightning Lake.** You can soak in the lake or paddle.

**Showers.** For $5, showers are available behind Manning Park Lodge in the Loon Lagoon. Pay at the front desk in the lodge. Towel provided. You bring soap, shampoo, etc.

**Post-race testing.** UBC Cardiology Team will complete post-race testing. They want to see you within 45 minutes of finishing.

**First Aid Tent.** Check in at the first aid tent if needed.

**Shuttle to your car.** If possible, we will shuttle you to your car only in Manning Park area, the lodge or nearby camping. There are no buses going back to Keremeos at the end of the race.

**Drop Bag Tent.** PICK UP your finish line bags at the end of the race. Get your crew to remind you.

**AWARDS CEREMONY**

**Location.** The awards ceremonies are held in Manning Park at Lightning Lake. See Schedule of Events.

**120 mile awards.** Unique and distinct buckles will be given to all finishers. First overall male and female finishers will receive a jacket with the race logo. Top record breaker gets cash prize.

**70 mile awards.** Medals are presented to all finishers. First overall male and female finishers will receive a jacket with the race logo.

**50 mile awards.** Medals are presented to all finishers.
30 mile awards. Medals are presented to all finishers.
Relay. Relay medals are presented to top 3 teams.

SPECIAL AWARDS

Dirty Dog Draw for racer who also completed the Dirty Duo Trail and Mountain Bike Race in BC in the same year.
Wild Dog Best wildlife sighting. Negotiate with Peter on this award.
Mad Dog Draw for first timers in 120 mile event.
Hot Dog Fastest descent from Heather aid station to Cayuse Flats aid station (32 km). Record held by Geoff Dunbrack = 3:25 in 2014.

RECORD HOLDERS

120 Mile
Male:  25:45:50 Matt Cecill (2014)
Female:  33:47 Nicola Gildersleeve (2013)

70 Mile
Female:  15:51 Nicole Ker (2013)

50 Mile

Female:  9:57 Deb Mcinally (2013)

Relay Team
20:49 The Unicorn Whisperers (2014)

30 Mile

DROP BAGS

If you cannot retrieve your drop bag please have someone else do it for you. Any drop bags left over will be donated to charity or thrown away.

PARKING

If you are registered at the lodge, you can park in the lodge parking lot. If you are not staying there, we will designate an overflow lot. We will have shuttles to go back and forth between the finish line, the overflow lot and the lodge.

The overflow lot is the ski hill parking. To get there, drive toward Lightning Lake but at the Y-junction, turn RIGHT. Go past the Strawberry Flats parking lot, past the yellow gate and to the end of the road (about 7 km).
REDUCE, REUSE, RECYCLE

- We will be capturing our waste for recycling. Please place garbage in the appropriate container.
- Bags will be placed about 30 meters from the aid station; make sure that all garbage is dropped into the bag or carry it out with you.
- Refill your cup, water reservoir and handhelds.
- Recycle your pins.
- Bring your own camping plate, cutlery and mug to finish line.

BRING IT WITH YOU--GETTING SUPPLIES/FOOD LOCALLY

FAT DOG takes place in provincial park settings WITHOUT MUCH ACCESS TO STORES so you need to bring everything you need with you, except water. Make sure you bring batteries, flashlights, trail socks, gels, and your favourite energy foods with you.

Here’s a few sources for basic items:

Hope 35 minutes west of Manning Park Lodge, Hope is your best source for gas, food and supplies. Home Restaurant is good. Also good burger stop in Chevron gas station. We like the coffee at Blue Moose Café 322 Wallace Street (also has free WiFi).

Manning Park the lodge has one restaurant, one pub, one take out deli and a very small store (that has beer) but the hours of operation are limited. Don’t rely on the lodge for things like batteries!

Princeton 45 minutes east of Manning Park along winding mountain roads, small city with gas, food stores, motels and restaurant. Best Value Inn and Sandman Hotel here. Thomasina’s Café and Restaurant.

Eastgate just past the Manning Park Eastgate sign toward Princeton, there is an Esso gas station that has water, snacks, beer, regular gas. Their takeout samosas are tasty snacks. This is the ONLY gas station you will see for a while.

Keremeos 45 minutes past Princeton. Small town that closes down around 8 pm at night, has fruit stands and several restaurants; Benja Thai has good reputation. The gas station at the top of the hill has snacks and water.

GAS STATIONS

Gas stations are available here:

- Hope
- Eastgate near Manning Park (on Hwy 3 toward Princeton). Take advantage of this ONE!
- Princeton
VOLUNTEER INFORMATION

INCENTIVES

- Free Mountain Madness race entry in North Vancouver.
- Draw for 2 ultra race entries.
- T-shirt with cool logo.
- Food and draw prizes.

“What an amazing collection of people. The organization that has to go into making something like this happen must be daunting, and I applaud you for pulling everything together. The sections I saw were well marked and all the volunteers were incredible.”

“I have got to say that your race was extraordinary, in planning, organization and execution! Every single volunteer out there on the course were truly dedicated to helping the athletes fulfill their goals! As my brother said “those are real volunteers at this race…giving up 12 to 24 hrs in the cold and dark, not just giving a few hours out of their day to hand out Gatorade at an aid station along a highway.”

PHOTOS AND VIDEOGRAPHY

Photos and videos taken of racers are the property of Mountain Madness and cannot be used without prior authorization of Mountain Madness. Professional photos may be taken by photographers and will be available for sale at a reasonable cost.

If you have taken photos that you want to share, we are happy to provide a link to your site. We upload many photos taken by onlookers and look forward to seeing your photos.

ABOUT MOUNTAIN MADNESS

Mountain Madness Trail Running Inc was created by Heather Macdonald in 2004 to provide trail running clinics in North Vancouver BC to prepare runners for races and build awareness of trails. Website: www.mountainmadness.ca

Mountain Madness Trail Series has the following races:

- Dirty Duo Trail and Mountain Bike race (six events: run 50, 25 or 15 km, ride 30 km, relay or solo run and ride) in March in North Vancouver BC,
- Iron Knee/Tender Knee (12 and 24 km) in May, in North Vancouver BC,
- Fat Dog 120 trail race (120, 70, 50, 30 mile and relay) in August in Manning Park BC,
- Hallow’s Eve (10, half and full marathon) in October, in North Vancouver BC,
- The Phantom Run (12, 19 or 24 km) race in November in North Vancouver BC.

Mountain Madness hosts trail clinics every year in winter, spring, and fall. The goal for the clinic is to complete a race but also to learn about the trail network and trail running technique while expanding a social network. We have 25 leaders in various pace groups.

We provide many trail maintenance days each year (27 in 2014) to help restore trails in Manning Park and North Vancouver. Mountain Madness has adopted Diamond Trail in North Vancouver.

We provide support to fundraising initiatives such as North Shore Rescue and a trail work fund.

Heather Macdonald gives presentations about trail running.
